

THE DANISH GRADING SYSTEM

The 7-Point Grading Scale

as defined by the Ministry of Education

From 1 September 2007, academic work at institutions of higher education in Denmark is graded according to the 7-Point Grading Scale. The 7-point grading scale is explained below along with the equivalent ECTS letter grade.* **02 is the required grade to pass a subject.**

Grade	ECTS Grade	Description
12	A	For an excellent presentation that demonstrates a high level of command of all aspects of the relevant material and containing no or only few minor weaknesses.
10	B	For a very good presentation, that demonstrates a high level of command of most aspects of the relevant material and containing only minor weaknesses.
7	C	For a good presentation that demonstrates a high level of command of the relevant material but containing some weaknesses.
4	D	For a fair presentation that demonstrates some command of the relevant material but containing some major weaknesses.
02	E	For a presentation meeting only the minimum requirements for acceptance
00	Fx	For a presentation not meeting the minimum requirements for acceptance.
-3	F	For a presentation that is unacceptable in all respects.

At the University of Copenhagen, an exam can also be evaluated by a pass/fail, EB (not graded), or FR (failed requirement).

* Please note that the ECTS letter scale is not equivalent to letter scales from outside Europe
